Special issue: Marine Ecosystem and Climate Change in the Southern Ocean

Foreword

Articles

Variability of size-fractionated phytoplankton standing stock in the Amundsen Sea during summer..... 1

ZHANG Wei, HAO Qiang, HE Jianfeng & PAN Jianming

Effects of sea ice melt water input on phytoplankton biomass and community structure in the eastern Amundsen Sea..... 14

FENG Yubin, LI Dong, ZHAO Jun, PAN Jianming, ZHANG Haisheng, HAN Zhengbing & ZHU Qiuhong

Horizontal distribution of tintinnids (Ciliophora) in surface waters of the Ross Sea and polynya in the Amundsen Sea (Antarctica) during summer 2019/2020..... 28

WANG Chaofeng, XU Zhiqiang, LI Haibo, WANG Yongqiang & ZHANG Wuchang

Distribution of transparent exopolymer particles and their response to phytoplankton community structure changes in the Amundsen Sea, Antarctica..... 44

XUE Siyou, HU Ji, FENG Yubin, LI Dong, ZHANG Haifeng, ZHAO Jun, HAN Zhengbing, YU Peisong & PAN Jianming

Relating the composition of continental margin surface sediments from the Ross Sea to the Amundsen Sea, West Antarctica, to modern environmental conditions 55

WANG Jiakai, LI Tiegang, TANG Zheng, XIONG Zhifang, LIU Yanguang, CHEN Zhihua & CHANG Fengming

Particle dynamics revealed by $^{210}\text{Po}/^{210}\text{Pb}$ disequilibria around Prydz Bay, the Southern Ocean in summer 71

CHEN Mengya, CHEN Min, ZHENG Minfang, QIU Yusheng, ZHU Jing & QIAN Qiankun

Features and influencing mechanisms of gaseous elemental mercury over the equatorial Pacific and their differences with the Southern Ocean 86

WANG Jiancheng YUE Fange, ZHAN Haicong, KANG Hui & XIE Zhouqing

Letters

Potential suitable sites for the calibration of Scientific Echo Sounder in the marginal seas around Antarctica 102

CHEN Qingman, GUO Guijun, LUO Guangfu & HE Jianfeng

Research on submesoscale eddy and front near the South Shetland Islands (Antarctic Peninsula) using seismic oceanography data..... 110

YANG Shun, SONG Haibin & ZHANG Kun

One special issue will be published in late 2022..... 119

“Opinion Editorial” category attracts more attention..... 120
